Art Unit: 3641

- **Claim 14**, lines 13-14, replace **but the means for causing movement energizes the solenoid. by but the means for providing recognition information to the user energizes the solenoid.**

2). The following is an examiner's statement of reasons for allowance:

- The instant application is deemed to be a non-obvious of inventions patented in U.S. Patent Numbers 4,545,583, 5,577,962, 5,816,817, and 6,616,452. The improvement is for a gun comprising a shooting means using recognition information to detect the operation performed by the operator wherein the said recognition information is in the form of control signals from the motion of a solenoid shaft arranged perpendicular the barrel of the said gun.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
